

## Summer, 2015 Outreach in Macedonia

Macedonia sadly remains a very poor, agricultural country, yet it has seen some of the richest of blessings over these last years:

Missionaries have come in from Northern Ireland, Germany, Netherlands, America and even from Nigeria, in order to help this wonderful people hear the gospel of truth and hope. It has seen the refurbishment of a number of schools where an on-going Christian testimony has been established, the introduction of the first canon of Scripture, as well as the re-establishing of the Christian assembly in Bitola and an on-going Christian witness across the country.

The Macedonian Student's Bible

Jimmy Polycarp, when offered by the Nigerian government to go abroad to continue his studies choose Macedonia. Seeing the great spiritual need, however, Jimmy commenced a work for God, which today boasts of some 23 weekly gospel meetings in some of the remotest villages in the land.

On top of this, he holds annual camps for up to 80 children from these hitherto unreached villages.

It has been the great privilege of MET to offer advice and financial support throughout many of these projects, not least the camp work.

After years of building-up a trusting and faithful relationship with the parents and village elders, Jimmy is permitted to take the children to camp, where they are taught the beauties of salvation in the Person of the Lord Jesus.

The little ones are fetched from their villages and brought to the camp where they are fed, play games and taught the stories of the Bible.

May we ask you to pray for the camp, taking place this month (August) in Stip, Eastern Macedonia, that the Lord will be gracious and again allow safety on the roads and during the activities and that their young hearts may be touched with purity and simplicity of the gospel of God's love to them.

These children are young souls for whom the Lord came and died. They also need salvation.
